What does *'NDP'* or '*NDA*' mean?

'NDP' refers to no data being published for privacy reasons or where there are insufficient underlying data. For example, very low numbers of participants or characteristics that may lead to identification will result in an 'NDP' label.

'NDA' refers to no data being available. Some schools have no data for particular measures due to low enrolments. There may be no students enrolled in some year levels, so school comparisons are not possible.
